### **MATHIA NALAPPAN VICE PRESIDENT ENTERPRISE SOLUTIONS, ASIA-PACIFIC**

As Vice President of Enterprise Solutions, Mathia Nalappan, is currently responsible for the development of market strategies and is tasked with driving Nokia's market share in the region.

Mathia joined Nokia in 2004 and is tasked with growing the enterprise solutions business for the Asia-Pacific region. He manages a regional sales and business team that is in charge of the development and management of partner and customer relationships, ensuring business customer success and satisfaction.

Prior to joining Nokia, he served several high-level positions including Vice-President of Sento Private Limited and was also CEO of SilkRoute Holdings. From 1994 to 2000, Mathia held various positions in Motorola including Vice-President and General Manager for the South East Asia, Australia and New Zealand and India markets.

Mathia holds a Post Graduate Diploma in Marketing Management (Gold Medal Award) from the Singapore Management Institute, a Post Graduate Diploma in Systems Analysis from the National University of Singapore (NUS). He graduated from NUS with a Bachelor's degree in Electrical/Electronics Engineering in 1982.
