**RAJEEV SURI
SENIOR VICE-PRESIDENT
ASIA PACIFIC, NETWORKS, NOKIA**

Rajeev Suri is Senior Vice President for Nokia's Networks business group in Asia Pacific. Appointed February 2005, Rajeev is responsible for all operational matters in the region including sales, marketing, services, delivery operations and logistics.

Rajeev has over 16 years experience in the telecoms industry, spread across Asia, Europe and Africa. He joined Nokia in 1995 and has held a number of executive level positions in Business Development, Marketing & Sales, and Strategic planning, working in India, Finland and the United Kingdom.

In his previous role, Rajeev was responsible for a portfolio of Nokia's infrastructure customers in Europe and some new growth markets. He transformed the relationship with Hutchison group to bring it to a new level. He significantly expanded market share and has been instrumental in successfully negotiating financial exposures. Rajeev brings with him a strong discipline of execution.

Before joining Nokia, he worked for ICL in India and RPG Group in different positions in business development and strategic business planning.

Born in 1967. Rajeev has a Bachelor of Engineering (Electronics and Telecommunications) from Mangalore University, Karnataka, India. Rajeev is married and has two children. In his spare time, Rajeev is a keen reader, enjoys music, basketball, badminton and spending time with family especially to travel and discover new places together.
